Aims, Objectives and Scope

Aim

The Romero Catholic Academy will promote a culture of openness and accountability through its Publication Scheme.

Objectives

We acknowledge that under the Freedom of Information Act 2000, any person has a legal right to ask for access to information held by The Romero Catholic Academy or its individual academies. We aim to: -

- Provide assistance to anyone requesting information
- To make available a significant amount of routinely published information about the Multi Academy Company (hereon in known as the MAC)
- To make available, upon written request, other information not included in this publication scheme, and such requests are dealt with in a timely manner
- Tell enquirers whether or not we hold the information they are requesting unless exempted from this duty (the duty to confirm or deny)
- To improve public understanding of:
 - How we carry out our duties
 - How we make our decisions
 - How we spend our money
- To recognise the presumption of openness that underlies the Freedom of Information Act. We are committed to maintaining a well – managed records and information system in order to comply efficiently with requests and we will adopt a straight – forward approach to meeting requests for information.

Scope

This policy covers requests for information under the Freedom of Information Act 2000. The policy does not cover enquiries or subject access requests under the General Data Protection Regulation 2018. The policy outlines our approach to information requests, details of the Publication Scheme (and where it can be found) and how information requests will be handled. “Information” includes both hard copy and digital information.

Roles and Responsibilities

The Board of Directors – is responsible for overseeing access to information and delegation to the appropriate Academy Principal and Local Academy Committees for the individual academies or the Academy Business Director for the MAC.

The Academy Business Director – Day to day responsibility for the implementation of the Freedom of Information Policy, the provision of advice, guidance, publicity and interpretation of this policy for the MAC.

Local Academy Committee – To oversee and audit the implementation of the Freedom of Information Policy within their own academy.

Academy Principal – Day to day responsibility for the implementation of the Freedom of Information Policy, the provision of advice, guidance, publicity and interpretation of this policy for their own individual academy.

Data Protection Officer (MAC) – To oversee Data Protection and Freedom of Information responsibilities with the MAC and ensure compliance with the relevant legislation. Policy

Classes of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as “classes”. The classes of information that we undertake to make available are organised into seven broad topic areas:

Who we are and what we do

Organisational information, structures, locations and contacts.

What we spend and how we spend it

Financial information about projected and actual income and expenditure, procurement, contracts and financial audit.

What our priorities are and how we are doing

Strategies and plans, performance and records of decisions.

Our policies and procedures

Current written protocols, policies and procedures for delivering our services and responsibilities.

Lists and Registers

Information held in registers required by law and other lists and registers relating to the MAC.

The services we offer

Information about the services the MAC provides including leaflets, guidance and newsletters.

Information

Additional information that is not covered in the scheme can be requested in writing. However, this does not mean that the MAC is obliged to provide the information. In some cases, there will be a good reason why this information should not be made public, some or all of the information requested.

There are 4 reasons for not complying with a valid request for information under the Freedom of Information Act:

- The information is not held
- The cost threshold is reached (£450)
- The request is considered vexatious or repeated
- One or more exemptions apply

Many of the exemptions are intended to protect sensitive or confidential information. However, some exemptions are there simply to avoid the legal position where 2 pieces of law cover the same information requested, or where the information is already available by some other means. In addition, the Freedom of

Information Act contains a number of exemptions that allows information to be withheld. In some cases, it will allow the MAC to refuse to confirm or deny whether it holds the information.

Some exemptions relate to a particular type of information, for instance, information relating to Government policy. Other exemptions are based on the harm that would arise or would likely arise from disclosure, e.g. if disclosure would be likely to prejudice a criminal investigation. There is also an exemption for personal data if releasing it would be contrary to the General Data Protection Regulation 2018.

A written refusal notice will be sent to any request that is partially or fully refused.
