

CC3 - Quality, Performance and Standards Committee - Terms of Reference

Introduction

The Board of Directors of the academy company is responsible for strategy. They set the vision, ethos and strategic direction. They determine the policy and procedures of the academies. They hold the Principals to account for the educational performance of the academies they lead. They monitor the use of the academies' budgets. They monitor, evaluate and review the strategic framework that underpins the running of the academies.

The Board provides for the strategic running of the academies by establishing core committees, devolving responsibilities and delegating tasks to those committees to undertake the key strategic functions required for running all the academies in a collaborative manner. The core committees focus on decision making in relation to strategy, policy and procedures to be implemented across all the academies.

Overall purpose

The main functions of this committee are to:

- Provide a sharply focused oversight of the academies' core business of curriculum, teaching, learning, and assessment, with a clear understanding of the direct impact of the quality of provision on children's learning, formation, attainment and progress that is shared by all Directors.
- Provide a strong policy, monitoring, evaluation and reporting framework with respect to provision, performance and standards to enable the academies to meet the learning needs of all children, so they can make at least good progress across the subjects of the curriculum, but particularly in the core.
- Enable the academies to be accountable for their performance and standards, by holding the Principals and other senior leaders to account for the quality of teaching, pupils' achievement, and pupils' behaviour and safety, and providing the kind of curricular experience and teaching and learning strategies that make the most difference to children's enjoyment in learning, their attainment in relation to national expectations, and rates of progress.
- Enable the academies to be accountable for building a strong Catholic collaborative learning community, rooted in the teachings of Christ and his Church and the values of the Gospel, that meets the needs of the children who form the core of the academy communities, by ensuring the academies form good relationships and effective communication with all stakeholders and form part of a wider community working with parents, parishes, the neighbourhoods, other academies and schools and learning partnerships as well as national/international charities and communities.
- Make recommendations to the Board of Directors and to other committees as necessary and appropriate.

Membership

The membership is determined by the Board of Directors at its first meeting in the Autumn Term. There are 7 members of the committee.
