## 1. Introduction

In this policy the Board of Directors, Local Academy Committees of each school and teachers, in partnership with pupils and their parents, set out their intentions about relationships, sex and health education (RSHE). We set out our rationale for, and approach to relationships, sex and health education in the school. This policy is for all eight schools in The Romero Catholic Academy from Nursery to Year 13.

## 2. Our Vision Value and Aims

Our vision and desired future is to be a “A Beacon of Excellence for Catholic Education from 2 to 19 year olds”. Our objectives and our approach to reach those objectives is defined in our *Mission statement* “*We are a Christ-centred Community dedicated to faith formation, academic excellence and individual growth for all of our young people, all rooted in the Gospel message of Jesus Christ.*”

### **Our Romero values provide the guiding compass for our work:**

- **Respect** - We respect and value those we work with and the contribution that they make. Through this policy, we seek the respect of each member of our community of faith.
- **Integrity** - We act fairly, ethically and openly in all we do making the right decision for the right reason.
- **Service** - We put our children at the centre of all that we do. Through this plan, we believe that every child, pupil, student and adult can be nurtured supported and challenged to reach their God-given talents and skills
- **Excellence** - We use our energy, skills and resources to deliver the best, sustainable results. Through this policy, we are resourceful in what we do, in whatever it takes, to provide excellence in the pursuit of positive relationships within a Catholic community.

### **As eight Catholic Schools, collectively The Romero Catholic Academy’s aims are:**

- **Spiritual Growth** - An ethos in which the Gospel message is proclaimed, community in Christ experienced, service to each other and the wider world community is recognised, and thanksgiving and worship of our God is cultivated. At all times we need to teach that we ‘love one another as I have loved you’ linking back to Maundy Thursday.
- **Formation of the Whole Person** - Providing well rounded high quality education that empowers and enables pupils to recognise their full potential and respond to what God calls them to be.
- **Inspire, innovate and excel** - Building on the collaborative success of the Romero Partnership our schools will be inspirational, academically rigorous and innovative, achieving standards of excellence in all settings, supported by exceptionally caring staff who reflect the light of Christ and model strong relationships.
- **Family Partnership** – Being sensitive to the structures of families but upholding parents and guardians in their role as primary educators of their children.
- **Vibrant Communities** - Ensure diverse, dynamic, welcoming, compassionate communities available to all.
- **Global awareness** - Nurture the personal integrity and faith development of pupils that also challenges them to know and understand communities around the world.
- **Stewardship** - Ensuring a vibrant, sustainable future for our schools through unified support and prudent management of resources.

### 3. Consultation of this Policy

This policy has been written with consultation of the following:

- Pupil focus groups/school council
- Questionnaires to parents/carers, using online Consultation Tool (**See Appendix**)
  1. Adapted Parent Letter
  2. Parent Consultation letter
  3. Parent Consultation Survey Questions)
- Review of RSHE curriculum content with staff and pupils
- Consultation with wider school community e.g. school nurse, RE advisor
- Consultation with Board of Directors and Academy Committee

### 4. Dissemination

The policy will be given to all members of the Board of Directors, and all teaching and non-teaching members of staff. Copies of the document will be available to all parents through the school's website and The Romero Catholic Academy Policy page. A copy is available in the school office. Details of the content of the RSHE curriculum will also be published on the school's web site.

### 5. Defining Relationship, Sex and Health Education

The DfE guidance states that "children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way"

It is about the development of the pupil's knowledge and understanding of her or him as a sexual being, about what it means to be fully human, called to live in right relationships with self and others and being enabled to make moral decisions in conscience. In primary schools the focus should be on "teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults."

This would include the topics of families and the people who care for me, caring friendships, respectful relationships, online relationships and being safe. In Secondary schools RSHE should "give young people the information they need to help them develop healthy, nurturing relationships of all kinds, not just intimate relationships. It should enable them to know what a healthy relationship looks like and what makes a good friend, a good colleague and a successful marriage or other type of committed relationship. It should also cover contraception, developing intimate relationships and resisting pressure to have sex (and not applying pressure)."

### 6. Statutory Curriculum Requirements

We are legally required to teach those aspects of RSHE which are statutory parts of National Curriculum Science.

## 7. Rationale 'I Have Come That You Might Have Life And Have It To The Full' (Jn.10.10)

We are involved in relationships and sex education precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSHE therefore is rooted in the Catholic Church's teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God's gift, reflect God's beauty, and share in the divine creativity. RSHE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government) RSHE will be firmly embedded in the PSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ's vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All RSHE will be in accordance with the Church's moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from. It will also prepare pupils for life in modern Britain.

## 8. Values and Virtues

Our programme enshrines Catholic values relating to the importance of stable relationships, marriage and family life. We believe that across the Romero Catholic Academy, we should create a safe and stimulating environment where everyone knows that they are valued as God's children. Every person has the right to be treated with respect and each person has the responsibility to treat others in the same way. We believe that all pupils and students, regardless of their starting points, can achieve if they are taught well and are supported effectively. Our belief is underpinned by clear values that drive our moral compass across schools and this permeates our collective pursuit of excellence:

- **Respect** We respect and value those we work with and the contribution that they make.
- **Integrity** We act fairly, ethically and openly in all we do.
- **Service** We put our children at the centre of all that we do
- **Excellence** We use our energy, skills and resources to deliver the best, sustainable results.

Through the journey of learning and most importantly faith, we strive to create a safe and disciplined environment, where pupils are able to learn, flourish and fulfil their God-given potential.

These values are further supported by **virtues** which are essential in responding to the God's call to love others with a proper respect for their dignity and the dignity of the human body. In Primary schools, the values and virtues from the 'Catholic Schools Pupil Profile' will also be promoted.

Virtues explicitly mentioned in Primary TEN TEN are:

- Theme 1 - respect, patience, grateful;
- Theme 2 – forgiveness, honesty, care and respect;
- Theme 3 – justice, fairness and self-giving.

## 9. Aim of RSHE and the mission statement

Our Mission Statement "***A Beacon of Excellence for Catholic Education from 2 – 19 years***" commits us to the education of the whole child (spiritual, physical, intellectual, moral, social, cultural, emotional) and we believe that RSHE is an integral part of this education. Furthermore, our eight schools state that we will endeavour to raise pupils' self-esteem, help them to grow in knowledge and understanding, recognise the value of all persons and develop caring and sensitive attitudes. It is in this context that we commit ourselves:

***In partnership with parents or carers, in the Romero Catholic Academy, across our eight schools, we will provide children and young people with a "positive and prudent sexual education<sup>2</sup> which is compatible with their physical, cognitive, psychological, and spiritual maturity, and rooted in a Catholic vision of education and the human person.***

## 10. Objectives

To develop the following **attitudes and virtues**:

- reverence for the gift of human sexuality and fertility;
- respect for the dignity of every human being – in their own person and in the person of others;
- joy in the goodness of the created world and their own bodily natures;
- responsibility for their own actions and a recognition of the impact of these on others;
- recognising and valuing their own sexual identity and that of others;
- celebrating the gift of life-long, self-giving love;
- recognising the importance of marriage and family life;
- fidelity in relationships.

To develop the following **personal and social skills**:

- making sound judgements and good choices which have integrity, and which are respectful of the individual's commitments;
- loving and being loved, and the ability to form friendships and loving, stable relationships free from exploitation, abuse and bullying;
- managing emotions within relationships, and when relationships break down, with confidence, sensitivity and dignity;
- managing conflict positively, recognising the value of difference;
- cultivating humility, mercy and compassion, learning to forgive and be forgiven;
- developing self-esteem and confidence, demonstrating self-respect and empathy for others;
- building resilience and the ability to resist unwanted pressures, recognising the influence and impact of the media, internet and peer groups and so developing the ability to assess pressures and respond appropriately;
- being patient, delaying gratification and learning to recognise the appropriate stages in the development of relationships, and how to love chastely;
- assessing risks and managing behaviours in order to minimise the risk to health and personal integrity.

<sup>2</sup> [Gravissimum Educationis](#)

### To know and understand:

- the Church's teaching on relationships and the nature and meaning of sexual love;
- the Church's teaching on marriage and the importance of marriage and family life;
- the centrality and importance of virtue in guiding human living and loving;
- the physical and psychological changes that accompany puberty;
- the facts about human reproduction, how love is expressed sexually and how sexual love plays an essential and sacred role in procreation;
- how to manage fertility in a way which is compatible with their stage of life, their own values and commitments, including an understanding of the difference between natural family planning and artificial contraception;
- how to keep themselves safe from sexually transmitted infections and how to avoid unintended pregnancy, including where to go for advice. **(Secondary only)**

## 11. Outcomes

### Inclusion and Differentiated Learning

We will ensure RSHE is sensitive to the different needs of individual pupils in respect to pupils' different abilities, levels of maturity and personal circumstances; for example, their own sexual orientation, faith or culture and is taught in a way that does not subject pupils to discrimination. Lessons will also help children to realise the nature and consequences of discrimination, teasing, bullying and aggressive behaviours (including cyber-bullying), use of prejudice-based language and how to respond and ask for help. (In looking at these questions, it is important to draw links to the school's Special Educational Needs and Disability policy).

### Equalities Obligations

The Board of Directors and Local Academy Committee have wider responsibilities under the Equalities Act 2010 and will ensure that across our eight schools we strive to do the best for all of the pupils, irrespective of disability, educational needs, race, nationality, ethnic or national origin, pregnancy, maternity, sex, gender identity, religion or sexual orientation or whether they are looked-after children.

### Broad Content of RSHE

Three aspects of RSHE - **attitudes and values, knowledge and understanding**, and **personal and social skills** will be provided in three inter-related ways: the whole school / ethos dimension; a cross-curricular dimension and a specific relationships and sex curriculum.

### Programme/Resources

1. Primary schools will be adopting 'Life to the Full' by Ten Ten Resources and an overview can be found in the Appendices – (See Appendix 4. 'One Page Overview.')
2. All that I am – and The Road Ahead is a Diocesan resource which may be used to supplement some of the Sex Education element of this programme.
3. Jigsaw is a PSHE resource which may also be used supplement the teaching of RSHE.
4. Cardinal Wiseman Catholic School has commenced teaching "A Life to the Full" by Ten Ten. This is being run as an additional RE lesson in all year groups 7-13 during tutor time. Whilst the statutory obligations incumbent upon schools has been put back until Easter 2021, the secondary school has decided to embark on teaching the schemes of work upon return to school since there are elements within them that focus on

self esteem and mental health which are a priority in ensuring that students have a successful reintegration back into school life after lockdown.

No two Primary schools will roll out the Life to the Full programme in the same way. Every school will make an independent decision about when and how the lessons should be taught. This is dependent on:

- The age and stage of the children in the classroom;
- What children have or haven't been taught previously;
- What the governing body, in consultation with parents and SLT, choose to teach and when.

Each school will select from the following 3 pathways to deliver the Ten Ten Programme:

- **Pathway #1** – The programme is taught over two years, with one teaching term per year and no repetition of content
- **Pathway #2** – The programme is taught over two years, with sessions spread out across three terms each year. There is no repetition of content.
- **Pathway #3 – \*Recommended\*** The programme is taught over three terms each year. This means that the full Learning Stages are run twice (e.g. the full KS1 programme is run with Year 1 and then repeated with Year 2).

Teaching strategies will include:

- establishing ground rules
- discussion
- project learning
- reflection
- experiential
- active
- brainstorming
- film & video
- group work
- role-play
- trigger drawings
- values clarification
- Music and prayer

## 12. Assessment

Pupils learning in RSHE will be assessed in the following ways:

- **Primary** – Assessment activity to be completed by pupils at the beginning and end of each unit.
- **Secondary** - Assessment to be conducted at the conclusion of units. All students have been issued with an RHSE knowledge booklet which will be used by students as we progress providing evidence of participation in the programme.

### 13. Parents and Carers

We recognise that parents (and other carers who stand in their place) are the primary educators of their children. As a partnership of eight Catholic schools, we provide the principal means by which the Church assists parents and carers in educating their children. Therefore, the school will support parents and carers by providing material to be shared with their children at home and workshops to help parents/carers to find out more. Parents/carers will be informed by **email** when the more sensitive aspects of RSHE will be covered in order that they can be prepared to talk and answer questions about their children's learning.

Parents must be consulted before this policy is ratified by the governors. They will be consulted at every stage of the development of the RSHE programme, as well as during the process of monitoring, review and evaluation. They will be able to view the resources used by the school in the RSHE programme. Our aim is that, at the end of the consultation process, every parent and carer will have full confidence in the school's RSHE programme to meet their child's needs.

#### For Primary parents/carers

- Ten Ten Resources [here](#) – Parents can learn everything they need to know about Life to the Full Programme.
- Parents will be sent an online questionnaire to gather their views.
- Parents continue to have **the right to withdraw** their children from Sex Education except in those elements which are required by the National Curriculum science orders. Should parents wish to withdraw their children they are asked to notify the school by contacting the Principal. The school will provide support by providing material for parents to help the children with their learning.
- We believe that the controlled environment of the classroom is the safest place for this curriculum to be followed.
- Please refer to the [DfE guidance](#) Page 17 for further details on the right to be excused from sex education (commonly referred to as the right to withdraw).

### 14. Balanced Curriculum

Whilst promoting Catholic values and virtues and teaching in accordance with Church teaching, we will ensure that pupils are offered a balanced programme by providing an RSHE programme that offers a range of viewpoints on issues.

Pupils will also receive clear scientific information as well as covering the aspects of the law pertaining to RSHE (this will include aspects relating to forced-marriage, female genital mutilation, abortion, the age of consent and legislation relating to equality). Knowing about facts and enabling young people to explore differing viewpoints is not the same as promoting behaviour and is not incompatible with our school's promotion of Catholic teaching. We will ensure that pupils have access to the learning they need to stay safe, healthy and understand their rights as individuals.

### 15. Responsibility for Teaching the Programme

Responsibility for the specific relationships and sex education programme lays with the relevant teaching staff; this will normally include science, religious education, physical education, RSHE and PSHE leaders.

However, all staff will be involved in developing the attitudes and values aspect of the RSHE programme. They will be role models for pupils of good, healthy, wholesome relationships as between staff, other adults and pupils. They will also be contributing to the development of pupils' personal and social skills.

## 16. External Visitors

Across the eight schools within The Romero Catholic Academy, we will often call upon help and guidance from outside agencies and health specialists to deliver aspects of RSHE. Such visits will always complement the current programme and never substitute or replace teacher led sessions.

It is important that any external visitor is clear about their role and responsibility whilst they are in school delivering a session. Any visitor must adhere to our code of practice developed in line with CES guidance 'Checklist for External Speakers to Schools'. This is included in our '**TRCA No Platform Policy**'.

Health professionals should follow the school's policies, minimising the potential for disclosures or inappropriate comments using negotiated ground rules and distancing techniques as other teachers would. They will ensure that all teaching is rooted in Catholic principles and practice.

## 17. Roles and Responsibilities

### Board of Directors

- Through CC3, Quality, Provision, Performance and Standards Committee, oversee the implementation of the RSHE policy, in consultation with parents and teachers; RE leads, Senior leaders and the Local Academy Committee across the eight schools
- Ensure that the policy is available to parents and carers;
- Ensure that the policy is in accordance with other whole school policies, e.g., SEN, the ethos of the school and our Christian beliefs;
- Ensure that parents or carers know of their right to withdraw their children;
- Establish a link Academy representative to share in the monitoring and evaluation of the programme, including resources used;
- Ensure that the policy provides proper and adequate coverage of relevant National Curriculum science topics and the setting of RSHE within PSHE.

### Principal

The Principal within in each school, takes overall delegated responsibility for the implementation of this policy and for liaison with the Board of Directors, Local Academy Committee, Diocesan Schools' Service and appropriate agencies, including Local Authority.

### PSHE/RSHE Co-Ordinator

The co-ordinator with the Principal of each individual school has a general responsibility for supporting other members of staff in the implementation of this policy and will provide a lead in the dissemination of the information relating to RSHE and the provision of in-service training. *(They may be supported by the curriculum Senior Leader and the member of staff with responsibility for child protection).*

### All Staff

RSHE is a whole school issue. All teachers have a responsibility of care; as well as fostering academic progress they should actively contribute to the guardianship and guidance of the physical, moral and spiritual well-being of their pupils. Teachers will be expected to teach RSHE in accordance with the Catholic Ethos of the school. Appropriate training will be made available for all staff teaching RSHE. All staff have been included in the development of this policy and all staff should be aware of the policy and how it relates to them.

## **18. Children's Questions**

The Board of Directors and Local Academy Committee across the eight schools, want to promote a healthy, positive atmosphere in which RSHE can take place. They want to ensure that pupils can ask questions freely, be confident that their questions will be answered, and be sure that they will be free from bullying or harassment from other children and young people.

## **19. Controversial or Sensitive Issues**

There will always be sensitive or controversial issues in the field of RSHE. These may be matter of maturity, of personal involvement or experience of children, of disagreement with the official teaching of the Church, of illegal activity or other doubtful, dubious or harmful activity. The Board of Directors and Academy Committees believe that children are best educated, protected from harm and exploitation by discussing such issues openly within the context of the RSHE programme. The use of ground rules, negotiated between teachers and pupils, will help to create a supportive climate for discussion.

(See also Relationships Education, Relationships and Sex Education (RSHE) and Health Education, Managing difficult questions, Page 23 for more detail)

Some questions may raise issues which it would not be appropriate for teachers to answer during ordinary class time, e.g., where a child or young person's questions hints at abuse, is deliberately tendentious or is of a personal nature.

## **20. Supporting Children who are at Risk**

Children will also need to feel safe and secure in the environment in which RSHE takes place. Effective RSHE will provide opportunities for discussion of what is and is not appropriate in relationships. Such discussion may well lead to disclosure of a safeguarding issue. Teachers will need to be aware of the needs of their pupils and not let any fears and worries go unnoticed. Where a teacher suspects that a child or young person is a victim of or is at risk of abuse they are required to follow the school's safeguarding policy and immediately inform the designated senior member of staff responsible.

## **21. Confidentiality and Advice**

The Board of Directors, in partnership with individual Local Academy Committees, all teachers, all support staff, all parents and all pupils must be made aware of this policy, particularly as it relates to issues of advice and confidentiality.

All lessons, especially those in the RSHE programme, will have the best interests of pupils at heart, enabling them to grow in knowledge and understanding of relationships and sex, developing appropriate personal and social skills and becoming appreciative of the values and attitudes which underpin the Christian understanding of what it means to be fully human.

Pupils will be encouraged to talk to their parents/carers about the issues which are discussed in the programme. Teachers will always help pupils facing personal difficulties. Support can be provided by the pastoral team. Teachers should explain to pupils that they cannot offer unconditional confidentiality, in matters which are illegal or abusive for instance. Teachers will explain that in such circumstances they would have to inform others, e.g., parents, principal, but that the pupils would always be informed first that such action was going to be taken

## 22. Evaluation of Policy

1. The RSHE Co-ordinator, within each school, will monitor the provision of the various dimensions of the programme by examining plans, schemes of work and samples of pupils work at regular intervals. The programme will be evaluated biannually by means of questionnaires/response sheets / needs assessment given to pupils, and / or by discussion with pupils, staff and parents. The results of the evaluation should be reported to these groups of interested parties and their suggestions sought for improvements.
2. The Board of Directors remain ultimately responsible for the policy and information and evaluations will be gathered through CC3 Quality, Provision, Performance and Standards Committee which meets termly.

## 23. Links to other policies and key documents

This RSHE policy is to be delivered as part of the PSHE framework. It includes guidelines about pupil safety and is compatible with the school's other policy documents (for example, Bullying policy, Safeguarding Policy, SEND)

Pupils with particular difficulties whether of a physical or intellectual nature will receive appropriately differentiated support in order to enable them to achieve mature knowledge, understanding and skills. Teaching methods will be adapted to meet the varying needs of this group of pupils.

Learning about RSHE in PSHE classes will link to/complement learning in those areas identified in the RSHE audit.

This RSHE Policy is linked to our:

- TRCA Anti-Bullying Policy
- TRCA No Platform Policy
- TRCA Special Educational Needs and Disability Policy

## 24. Monitoring and Review

- The Board of Directors delegate the implementation of this policy to the Academy Committee.
- This policy will be reviewed by CC3 Quality, Provision, Performance and Standards.

## Appendix 1 – Adapted Parent Letter

The programme adopts a spiral curriculum approach so that as your child goes through the programme year-after-year, the learning will develop and grow, with each stage building on the last.

*The Sex Education element of the programme is highlighted in red. Parents have the right to withdraw their child from these sessions.*

### **Module One: Created and Loved by God**

Module One: Created and Loved by God explores the individual. Rooted in the teaching that we are made in the image and likeness of God, it helps children to develop an understanding of the importance of valuing themselves as the basis for personal relationships. In these sessions, we explore:

**Key Stage One** – that we are uniquely made by a loving God, that we have differences and similarities (including physical differences between boys and girls), key information about staying physically healthy, understanding feelings and emotions, including strong feelings such as anger, and the cycle of life from birth to old age.

**Lower Key Stage Two** – understanding differences, respecting our bodies, **puberty and changing bodies (recommended for Year 4+)**, strategies to support emotional wellbeing including practicing thankfulness, and the development of pupils understanding of life before birth.

**Upper Key Stage Two** – appreciation of physical and emotional differences, a more complex understanding of physical changes in girl and boys bodies, body image, strong emotional feelings, the impact of the internet and social media on emotional well-being, a more nuanced and scientific understanding of life in the womb **and how babies are made**, and menstruation.

### **Module Two: Created to Love Others**

Module Two: Created to Love Others explores the individual's relationship with others. Building on the understanding that we have been created out of love and for love, this unit explores how we take this calling into our family, friendships and relationships, and teaches strategies for developing healthy relationships and keeping safe.

This religious understanding is then applied to real-world situations relevant to the age and stage of the children:

**Key Stage One** – In the Unit 'Personal Relationships', children are taught to identify the Special People in their lives who they love and can trust, how to cope with various social situations and dilemmas, and the importance of saying sorry and forgiveness within relationships. In the Unit 'Keeping Safe', we explore the risks of being online by incorporating the 'Smartie the Penguin' resources from Childnet, the difference between good and bad secrets, and teaching on physical boundaries (incorporating the PANTS resource the NSPCC).

**Lower Key Stage Two** – The sessions here help children to develop a more complex appreciation of different family structures and there are activities and strategies to help them develop healthy relationships with family and friends; here, they are also taught simplified Cognitive Behavioral Therapy (CBT) techniques for managing thoughts, feelings and actions.

Once again, for the 'Keeping Safe' unit, there are some excellent NSPCC resources, as well as teaching on bullying and abuse through a series of animated stories.

**Upper Key Stage Two** – The sessions for UKS2 in the 'Personal Relationships' module aim to equip children with strategies for more complex experiences of relationships and conflict; this includes sessions that help children to identify and understand how to respond to spoken and unspoken pressure, the concept of consent and some practical demonstrations of this, and further teaching on how our thoughts and feelings have an impact on how we act.

### **Module Three: Created to Live in Community**

Finally, Module Three: Created to Live in Community explores the individual's relationship with the wider world. Here we explore how human beings are relational by nature and are called to love others in the wider community through service, through dialogue and through working for the Common Good.

In the first Unit, Religious Understanding, the story sessions help children to develop a concept of the Trinity.

In subsequent sessions, we apply this religious understanding to real-world situations, such as the community we live in, and through exploring the work of charities which work for the Common Good.

## Appendix 2 – Parent Consultation Letter

In the academic year 2020/21, Relationships Education and Health Education will become statutory in all primary schools in England. This new subject will build on the non-statutory lessons we have previously taught in RSHE.

As a Catholic school, our mission is to support the spiritual, moral, social and cultural development of all of our pupils, rooted in the wisdom and teaching of the Church. The education of children in human sexuality is an important, precious and privileged responsibility. The Church teaches us that this is very much a partnership with parents, in which parents are the ‘first educators’ of their children on these matters; ultimately, you confer on us the right to co-educate your children with you.

We have been researching various programmes that are available and have decided to adopt **Life to the Full** by Ten Ten Resources. Ten Ten is an award-winning Catholic educational organisation that is well-respected and very experienced in this field of work.

Life to the Full has been approved by our diocese. Furthermore, Ten Ten have entered into a partnership with the Catholic Education Service and the Department for Education to provide training for teachers in Catholic schools on the subject of the new statutory curriculum. Therefore, we are confident that this programme is a very good fit for our school.

Through their programme, Ten Ten understand the foundational role that parents have in educating and nurturing their children on these matters. Within the programme, they have built in resources which will not only keep you informed about what is being taught in school, but will also give you the opportunity to engage your children in discussion, activity and prayer.

We would like to have your feedback on our approach, and particularly on the key decisions that we need to take regarding the teaching of certain topics. To this end, we have opened a consultation period during which we welcome your feedback.

Ten Ten have provided an online **Parent Consultation Tool**. This is a simple-to-follow, short online course which:

- Outlines the statutory changes that will take place.
- Articulates a vision for Catholic Relationships and Health Education.
- Explains how Life to the Full aims to help us fulfil the statutory curriculum with a Catholic ethos.
- Provides some information about key decisions we need to make, in consultation with parents.
- Answers some Frequently Asked Questions.

Ten Ten have also provided an **Online Parent Portal** which will be a tool we can use throughout the year to keep you informed and updated about the work we are doing in school.

To take part in the consultation, please do the following:

- Access the Parent Consultation Tool [here](#)
- You will need the following login credentials for our school:
  - Username: **Your Parent Login Username**
  - Password: **Your Parent Login Password**
- Undertake the Parent Consultation course provided.
- Complete the following questionnaire:  
**Add a link to your own questionnaire or survey**
- Send us your feedback by **deadline date**

**Provide any additional information about how parents can consult with you.**

We hope that our approach not only assures you about the new subject we are going to undertake; we hope that this will be an important and exciting opportunity for our entire school community.

### Appendix 3 – Parent Consultation Survey Questions

Please use and adapt the questions below for your own consultation survey. You may like to upload the questions to an online survey tool such as [Google Forms](#) or [Survey Monkey](#).

Name of parent(s)/carer	
Name of child(ren)	

Select an answer for each of the following questions. If you have any further comments to add, use the comment box beneath each question.
