

## COVID-19 testing and your child's information:

Name of child:

Name of Parent / Guardian:

- Testing for COVID-19 is being carried out as a precautionary measure, given there has been a local outbreak.
- Information including your child's name, date of birth, address, ethnicity, GP practice, telephone number, occupation and NHS number will be collected and is essential to correctly identify your child and for your child's test results to be processed by the local laboratory.
- The tests are being taken by Arley Medical Services Ltd and will be processed at the University Hospitals Birmingham Heartlands Hospital.
- Test results will be returned to Arley Medical Services Ltd by the hospital, who will share them with Public Health England and Cardinal Wiseman School. Anonymised data will be shared with the local public health team within Coventry City Council
- They will also be sent to you directly by text message.

This is a routine process and your personal information will be used by Arley Medical Services Ltd and Cardinal Wiseman School solely for the purposes of managing the outbreak effectively and ensuring individuals are appropriately protected.

Arley Medical Services Ltd will keep this data securely and will hold it for 10 years, and it will then be destroyed. Please see privacy policy here: <https://arleymedicalservices.co.uk/about-us/privacy-policy/>

Your school can be contacted directly to discuss how they hold data about you, and how you can access their privacy notice.

If you wish to discuss how your data is being processed by Arley Medical Services Ltd, then please visit: <https://arleymedicalservices.co.uk/contact-us/> or email [info@arleymedicalservices.co.uk](mailto:info@arleymedicalservices.co.uk)

I consent to my child being tested for COVID and for their information to be used as above  
Yes / No
